Sub: Addition of items to LoA

Ref: LoA No: DAHEJ SEZ/II/2009-10/725 dated 16th December 2009

Dear Sir,

We have been in to Commercial Production and Exports from our SEZ Unit at Z-39, Dahej SEZ since 28-02-2012 and are engaged in manufacture and exports of Synthetic Intermediates having end use mainly in Flavor and Fragrance Industry.

After making a humble beginning, the unit is getting encouraging response from its global customers spread mainly is US and Europe. To meet their valued requirements and requests it is felt that the Unit needs to expand not only vertically but horizontally too. The Industry Practice is to minimize Vendors and there are around 10000 Synthetic Intermediates used in Flavor Fragrance Applications.

The Unit had obtained LoA for 86 Intermediates but to safeguard its interest and consolidate its Position particularly against the Chinese and other Asian manufacturers, it should enlarge the range of Products and enhance the Size of its Basket of Products. A large Basket also acts as an Insurance against Global Slowdowns. ✓

Accordingly, it is proposed to manufacture some additional closely related products to its existing Portfolio as per details attached herewith. It is kindly requested to accord your kind approval to the enclosed list as it shall improve the Unit's Export Performance and Market Standing vis-à-vis its other Asian Counterparts.

It may be worthwhile to mention that the Unit is already in process of Expansion and creation of Multi-purpose Facility which can be used for all types of Intermediates it needs to manufacture.

Thanking you,

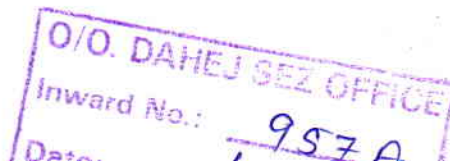

Yours truly,
